## VANDALS BREAK WINDOWS AT LOCAL ELEMENTARY SCHOOLS—FIRES KINDLED AT C. P. S.

Students at elementary schools in Bethel village got an unexpected day off last Friday following vandalism at the Crescent Park and Ethel B. Bisbee Schools.

Several panes of glass were broken at the Ethel Bisbee School and it is thought entry was made into the building, but reportedly nothing was disturbed.

It was a different story at Crescent Park School as entrance was apparently gained after breaking windows. A series of fires believed set by the intruders caused damage in two classrooms, the hallways and teachers' room. The fires activated the structure's sprinkler system, ringing the alarm bell on the exterior of the building. A resident of the area heard the bell and contacted the building custodian. The Bethel fire department responded as the municipal alarm was sounded shortly after midnight.

According to S. A. D. 44 Superintendent Robert J. Gerardi, damage has been estimated at about \$5,000.

Morning after at C. P. S.

Including textbooks, band instruments, a record collection and an electric organ at Crescent Park School. With the exception of glass breakage, the loss is believed to have been covered by insurance.

An inventory by school officials on Friday failed to reveal the theft of any school property.

Classes were suspended at both schools on Friday to permit insurance officials and law enforcement authorities to conduct investigations. Students in kindergarten through one division of grade three attend Ethel Bisbee School, with two divisions of grade three through grade six attending Crescent Park School.

Clean-up operations by the district's custodial and maintenance staff was carried on over the weekend and classes were resumed at the schools on Monday.

Windows were reportedly broken the same night at Gould Academy and the Bethel I. G. A.

State Police Detective William G. Bleckford heads the continuing investigation.

## COMMENTS FROM THE TOWN MANGER'S OFFICE

The local assessors have started their work for the year with hopes the tax bills will be prepared at a much earlier date than in the past few years. A professional assessor has promised he can do all the work required by him within a reasonable time. If he does this there is no reason we cannot mail the bills several months prior to when we have been doing so.

Anyone who wishes to make partial payments on their taxes may do so anytime and take advantage of the 2% discount offered up to Sept. 1. We are glad to accept any amount as it helps us to keep down the size and time required of tax anticipation notes. These become expensive when we borrow early in the year and cannot repay until December. Last year it was costing taxpayers over \$23,000 per day the last few months. Our prime goal this year is not to borrow the whole of the quarterly payment due the School District Sept. 15. If the 2% discount allowed on taxes is effective we should be able to accomplish at least this much.

## BETHEL PTF NEWS

The Bethel PTF reminds parents that if you wish to purchase the School Days book, the money must be in by April 12.

Joan Durand has obtained a long list from teachers, of equipment which the PTF may provide. It was voted at the March 17 meeting to give \$75 to Mrs. Cora to use at her discretion and \$5 to all other teachers at Ethel Bisbee and Crescent Park School. It is hoped that we will be able to do much from book sales, proceeds from the Family Night Fair April 30, and from the Children's Theatre production of "Winnie the Pooh" to be sponsored by the PTF on May 23 at 2 p. m. at the Gould Academy Auditorium.

Before unnecessary money is spent, the PTF asks that anyone having any of the following items they might donate for use in the schools call Joan Durand, 824-2315. Items requested are: games of all types, old typewriters or adding machines, bulletin boards, book racks, balls, jump ropes, rugs for reading corner, sewing machine for special education, coils for Ethel Bisbee School, dolls, trucks, any toys for kindergarten room, toy telephones, bean bags, small loom, crochets, knitting needles, yarn, fish aquariums. As one can see, there is much needed and donations of any items will certainly help in the goal of providing all these much needed items and the many more not mentioned here.

Everyone should plan to bring their children to the Family Night fair on April 30 from 6 to 9. The evening will include a baked bean supper, door prizes, games and fun for the children.

## S. A. D. 44 HOLDS REGULAR SESSION AT ANDOVER MONDAY

A regular meeting of the board of directors of S. A. D. 44 was held at the Andover Elementary School on Monday evening.

The board approved the purchase of a 66-passenger bus with Spartan body at a cost of \$8,389, and a three-quarter ton utility pick-up at a cost of \$2,657, both vehicles to be acquired from Harold's Motor Co., Inc., of Norway.

Robert J. Gerardi, superintendent, reported on the recent vandalism at Crescent Park and Ethel Bisbee Schools. He commended Bernard Gatchell, supervisor of buildings, grounds and transportation, and his staff for their exceptional clean-up job.

The group labled action on the 1971-72 school calendar until Mr. Gerardi could meet with representatives of the S. A. D. 44 Education Association for discussion on this matter.

The directors granted initial approval to a resolution authorizing the superintendent to prepare a school emergency plan providing for the necessary training and instruction of staff and students so that school emergency disaster plans may be carried out with the greatest possible speed and safety.

Initial approval was granted a general policy concerning student dress as follows: "Student Dress: [In order to promote cooperation between staff, students and parents, administrators may notify students and parents of attire and behavior recommended at specific times. A school is judged by the appearance of its students. Therefore, good taste, neatness and modesty should be the major objectives; extremes should be avoided.]"

The following policy suggested by the Tetstar Student Council for student dress at graduation will be included in the student handbook for 1971-72: "Boys: a. shirt and tie; b. dress shoes or dress loafers; c. any long pants excluding dungarees." "Girls: a. blouses—skirts, or dress; b. dress shoes or dress loafers." The student body will also be advised that this recommendation will apply to graduation in June of 1971.

Discussion was held on a proposed policy regarding use of school facilities by outside groups. Action on this policy was postponed until revisions could be made in the fee-to-be-charged schedule.

Final approval was granted policies given initial approval at the March 13 board session. These concerned items concerning transportation and attendance.

The board went on record as favoring the present practice of the State Principals' Association acting as an independent agency having ultimate control of interscholastic athletics and activities.

It was suggested that the District look into the possibility of installing burglar alarms in view of recent vandalism at the elementary schools. The Building and Grounds Committee will investigate the possibilities.

The prevalence of rabies in the area was cited inasmuch as many continued on Page Eight

## GREENWOOD CITY

— Mrs. Collis Morgan, Corra. —  
Today the clouds are trying hard to wring their sponges and bring a drift of mizzling rain. It's April again and Ina Ladd Brown expressed it thus—

"Oh April! April! you tear my heart with your hurting beauty. I would pass you by this year with closed eyes. I would forget your perfume, your tenderness, your tears. I would like a quiet way without you, but I cannot. I am a prisoner of past Aprils that will not set me free."

It has been a beautiful week to be outside and I have certainly enjoyed it with a two mile hike on the road, a two hour journey on snowshoes to the Garland Place on Noyes Mountain, another farther south on the mountain, an early morning hike on the crust with Ruth, again to the Garland Place, and so glad to have her with me again; then a snow shoe trip to the Patch Mountain region which was my longest outing.

I had never before been in this special section so found it especially interesting. I carried my snow shoes until I came to the trail between Hicks and Mud Ponds, put them on and started out.

In a few moments I came to the little bridge across the brook that flows between the ponds. I stopped to gaze into its clear water wondering if I'd see another snapping turtle. Last spring as my sister, her husband and I crossed here we captured, with a struggle, a huge snapping turtle weighing about seventy pounds. He was a tremendous ugly old creature. By no stretch of imagination was he attractive. He had a wicked looking head and a broad neck much too bulky for complete retraction into his shell. His legs and tail were great rolls of flesh so those, too, could be drawn in only slightly. The eyes had tiny black pupils and were set high and close to his nostrils. They were awesome with no softness whatever. No doubt many a duck had been pulled beneath the surface by him.

Nearby cattail reeds seemed to be just beginning to knife through the water close to the shore. A few old ones stood tall above the snow having braved the winter storms. Going on I turned right to enter the forest where soon I found a small brook flowing through the deep shade broken now and then by a patch of sunlight. These brooks had an intimate charm to the land.

I traveled among the pines and listened to them whisper among their shimmering needles. Miss

sparkles seemed to come to the branches like mountain water among boulders then passing away like a thought.

In a short time I came to the section with no end of scattered boulders. It looked as if they had been dropped in one heap and rolled in every direction. I went among them then to a long ridge of granite where I could see up the valley. There was a brisk wind here so I rebutted my coat. I looked down to where I fished last summer, the tops of the evergreens swaying just below me. My camera holds the picture.

Threading my way back and again up toward Old Patch I noticed the wooden hammock of a robin's nest upon a hemlock swaying in the breeze.

Here, too, were the paths of the rabbits and tiny field mice, ever alert and quick to disappear.

On a steep side hill was the entrance and tracks of a woodchuck. He has now decided it's spring.

The quietness was broken by the song of the purple finch. He poured out his heart in a rush of notes loud and clear as he so often did at home. It echoed among the ledges.

A soft ragged cloud moved in from the west as I neared the pond between two boulders.

Again by the brook, I could hear it chuckling beneath the snow in places while in others it gurgled free.

Nearby were the tracks of the raccoon shuffling flat footed like a bear. This rascal gets away with about everything. He takes care of himself pretty well taking civilization in stride. Just now he wasn't in sight.

I sat down on a log, a fallen yellow birch, and thought about many silences; quiet of the forest, stillness before a storm, sleep, weightless falling snow, and the hush of prayer.

Going on now to the old road which led to the top of Patch Mountain, I turned back toward the main road.

I passed the clearing where once there was the home of an early settler. I was surprised at a red something against the snow. Looking down, then up, I discovered the somac still wearing its crimson of fall; made more brilliant against the white.

Recrossing the bridge I was greeted by the red-wings and a grackle or two chattering away.

Another snowshoe hike was over but I still had a half mile to travel home.

The wind was really strong in the open where I must now face it. March was shouting with her last breath but tomorrow April would whisper, "It's spring."

**IN MEMORIAM**  
In loving memory of  
— Fred J. Lovejoy —  
who passed away April 3, 1965  
at his home on the Bog Road.

We will forever hold in our hearts  
Golden memories of the days we  
spent together.  
We will remember your happy  
smile;  
And your kind words of encour-  
agement when the going was  
rough.  
Someday, "Beyond the Sunset,"  
We shall meet again.  
In a home not made with hands,  
Eternal in the Heavens.  
Until then we will miss you.  
Wife Eleanor, children,  
grandchildren and sister.

Mercury is setting in the west late  
in the day long before twilight. It is  
becoming harder to see each day  
because of inferior conjunction which  
will arrive on the 19th of April.

Venus rises in the east about 1 1/4  
hours before the sun. By midmonth

will be about 4/5 illuminated at this  
time.

Mars rises in the southeast about  
1:00 a. m. local time and is nearing  
the meridian at sunrise at mid-

9" in diameter.

Jupiter rises about 11:00 p. m.  
local time and will appear as a flat-  
tened disk 43" by 40" crossed by  
dark belts. It will rise about 2  
hours earlier on the 30th of April.

Saturn sets 3 hours after the sun  
on the first, but by month's end it  
becomes lost in the solar glare. Seen  
through a low powered telescope in  
the western sky, the planet appears  
as an elongated object 38" by 15".  
This is one of the most fascinating  
objects to be seen. — Your Sky Re-  
porter, Harold Smith.

## TEACHER PROFILE

— Mrs. Mary Billings, Corres. —

This week's Teacher Profile fo-  
cuses on Mrs. Mary Billings, fourth  
grade teacher at Woodstock Ele-  
mentary School. Mrs. Billings re-  
ceived her secondary education at  
Gould Academy, from which she  
graduated in 1938, and completed  
her teacher training at Farmington  
State Teachers' College in 1941. She  
has supplemented this background  
with work for three summers at  
Bryant Pond Conservation Camp  
as well as C. E. D. courses.

Subsequent to graduation from  
Farmington Mrs. Billings taught  
the first four grades at Wilsons  
Mills and then grades K-4 at West  
Bethel, both times for a duration  
of two years. Raising her own  
children, however, occasioned an  
extended—and, she asserts, pleas-  
ant—sabbatical. But after substitut-  
ing for two years, she did return  
in 1965 to her original profession  
in grade four at South Woodstock.  
When her family moved from Bethel  
to Bryant Pond in 1968, she ac-  
cepted her present position.

Since 1943 Mary has been mar-  
ried to Robert E. Billings, whom  
she assisted in running his sporting  
goods store and later Bethel Gen-  
eral Store during their years in  
Bethel. They have two boys: Larry,  
who received his B. A. in English  
from Bates, is concluding work on  
his M. A. at the University of  
Maine, and will commence doctoral  
studies next year, and Paul, a sen-  
ior at Telstar who contemplates en-  
tering college in the field of psy-  
chology.

Besides her professional member-  
ship in the Bryant Pond PTA, SAD  
44 Faculty Club, Maine Teachers'  
Association, and National Education  
Association, Mrs. Billings is Mis-  
sionary Secretary of Bryant Pond  
Baptist Church and a member of  
Bear River Grange. Her recreation  
at interests include leather craft,  
knitting, gardening, fishing, hunt-  
ing and camping.

Mrs. Billings obviously enjoys her  
association with youngsters, espe-  
cially since her own children have  
grown, and her pupils seem to ap-  
preciate her warmth and humor.  
While she often claims self-depre-  
catingly, "I think the kids know  
more than I do," the mutual learn-  
ing experience evidently benefits  
pupils and teacher alike. Besides  
progress in the three R's, students  
usually emerge with greater attitudi-  
nal maturity, and they soon dis-  
cover their teacher's interest is not  
limited to confines of the class-  
room. Mrs. Billings always welcomes  
opportunities to know her children  
better and finds many return to re-  
affirm their friendship long after  
they have left her class.

Burial will be in Milan some time in May. I am sorry for the error.

David Holt, a senior in Mrs. Mollie Bryant's English class, is the author of the following poem:

Post Adolescent Apprehensions

'As a grown-up boy, I don't know where I've been;

As a young man, I don't know where to go;

I get so restless, I can't stay in my skin;

Though I'm already there, I still want to grow;

Amivalence is building up within me;

All of a sudden, there are decisions to make;

My mind is so cloudy that my eyes can't see;

My hands are reaching out for something to take;

There are too many ways for things to come out bad;

I'm scared to death of taking a second first step;

There's no looking back 'cause I've never had.

So the alternative left is to go out and get;

The very young have a built-in excuse;

They can hide their heads beneath mother bird's wing;

But time catches up and they'll be set loose;

And too soon they'll learn what uncertainty brings;

If lives were laid out with answers and ends;

Existence would be simple, but it's not like that;

So a bunch of us fools will just have to pretend;

And look back at the reasons why you can't stand pat.

Two in a Row for Aunt Flo by Eleanor Imman

Mrs. F. Alice Gould who makes her home with her sister Mrs. Winnie Watson was pleasantly surprised on Monday morning, March 29, the day prior to her birthday.

Aunt Winnie looked out and said Aunt Ella Whitney, Oxford, was driving up. Hurriedly Aunt Flo had to get herself pert and sweet, as Aunt Winnie announced that there were two other ladies with her. Much to her surprise when she came out of her room to greet the guests. It was indeed, sister Lena Pearson, age 84, of Amesbury, Mass., and a former summer resident of "Camp Fairview", Greenwood City, and cousin, Mrs. Ruth Leonard, Danvers, Mass. They'd left Amesbury early that morn'g Aunt Flo felt she was in a dream. What a truly wonderful birthday gift. Once she had gathered her senses it was a joyous reunion and plans were made to call the relatives to let them know of the arrival of Aunt Lee and cousin Ruth, so that they would see them, as they must leave for home about 2 o'clock in the afternoon.

Walter and Elsie Imman went down for a hello call, then came to pick me up, as I'd been invited to dinner, the occasion also being my

birthday. Dinner was potluck as Aunt Lee had surprised us all. We had a lovely dinner, which was certainly delicious and filled with the pleasure of fellowship. The dessert consisted of a portion of tasty birthday cake made for Kristen Bean of Concord, N. H., who had celebrated her first birthday at the home of great-grandmother Pearson on Sunday. Her birthday incidentally is March 30, with Aunt Flo. The cake was enjoyed in New Hampshire, Massachusetts and Maine. Ruth also announced at dinner that she'd turned a year older only a few days earlier, so a birthday celebration it was for sure.

As Aunt Ella dropped me off on their way home, I couldn't help but be thankful for such a truly wonderful day. Aunt Flo has been ill for several weeks, and is now up and around again in a walker and how three four Baker girls and their cousin had enjoyed reminiscing of their days in Nova Scotia, along with well-wishes and birthday wishes. We missed Aunt Millie who is still enjoying the Florida sunshine. Hope she'll surprise us on one of these days soon.

March 30, was another treat, as Aunt Flo welcomed more relatives and friends to celebrate her 82nd. Sister Ella came and spent over-night. Other birthday guests were Mr. and Mrs. Vernon Imman, Marshall, Vivian, Michael and Walter, Mr. and Mrs. Walter Imman, Mr. and Mrs. Milton Imman, Gary, Gregg, and Jeffery, Mr. and Mrs. Stanley Cram, Mr. and Mrs. Lorenza Cole, and Mrs. Leon Parker.

She received several nice gifts, cards and a telephone call from a niece, Mrs. Pearl Nash of Connecticut, as well as two cakes, one made and decorated by her grandnephew Gregg Imman and one from her sister, Winnie.

We hope she'll celebrate her next 83rd birthday as nicely as she did this one.

WHAT IS A MISOCAPNIST?

You probably know a great many people who are misocapnists. No doubt several relatives are, as well as some very close friends. These days most people who are misocapnists do not hesitate to let you know about it. And with the zeal of a missionary they will try to convert you to their way of thinking. For a misocapnist is a person who hates tobacco!

If you are a smoker but want to get started on a misocapnist career, we can give you some help. There are products available to get you over the first withdrawal hurdles. Of course, to be a true believer you also need some will power. But remember a misocapnist stands a better chance of living longer than a cigarette smoker.

Due to the increased number of prescriptions and in order to keep up good service, it would be to our mutual advantage, if you would please phone in re-fill prescriptions. — Thank you.
